

HEAD OVER HEELS

© Frank Jones

Time stretches out
Like a great ocean road
And I have only been waiting for
The right reason to fall

Head over heels
I've taken my hands off the wheel
And I'm stumbling, I'm tumbling
Head over heels

The wind is behind me, the devil's inside of me
And angels fly at my side
My wounds must have healed coz all the pain I can feel
Is already five miles behind

Head over heels

Her eyes are like oceans, her words are like whirlpools
And I'm adrift on her sea
So, take care what you call her, coz I've fallen for her
And I hope you know what that means

Head over heels

So, who would have thought that this was the place
And this was the time for us
Some say it was written all over my face
Or scratched with a finger in dust

So, time stretches out
Like a great ocean road
And I have only been waiting for
The right reason to fall

Head over heels
